LINDERMAN MURDERED.

Remnants of His Body Found Near Kyle, Texas.

The following account of the disappearance of Chas. Linderman, the well-known Cochise county cattleman, appears in the San Antonio Express, and gives additional information of the mysterious death as already published in the Prospector. The man accused of this horrible murder and cremation, now in jail, is supposed to be a brother of Jack Gay, who was accused of the murder of Bob Hising and tried here at last term of court, and acquitted, the evidence being circumstantial. Gip Gay, who is referred to, was here at the time of the trial. We publish the Express article in full:

"KYLE, Tex.—The remains of Charles Linderman, who so mysteriously disappeared from the ranch of Mrs. Eliza Gave, about ten miles from here, five weeks ago, were discovered today, after a thorough search of the Gay pasture by Sheriff W. T. Jackson and Deputy James P. Hall, aided in the search by some of the best citizens of the northern part of Hays county.

"They began early this morning, and after searching through the pasture they found Linderman's remains in what was supposed to be a brush heap, but on close examination they found Linderman's bones, part of his teeth and a few pieces of hair supposed to have been knocked off before the body was burned.

"The Express correspondent learns from Deputy J. P. Hall that Gay had in his possession all of Linderman's effects, including clothing, watch, hat, shoes, etc. He also had a bogus bill of sale to a nice bunch of cattle. Linderman was a stockman and possessed considerable means that he intended to buy cattle with, and left here presumably for that purpose and met his death. The party that did the burning used cord wood to accomplish his purpose. Gip Gay is in jail at San Marcos, charged with the crime. There was a \$200 reward offered for the finding of Linderman dead or alive, which will come to this town and be paid to Deputy J. P. Hall, who deserves great credit for his services."

Constable Ritter brought in Sam Gardner this morning from Pearce as a patient for the hospital. Mr. Gardner is suffering from heart trouble and is very low. A delicate operation is to be performed by Drs. Gordon and Hall as the only means of relief and saving his life.

The Territorial Teachers' Association and Joint Institute to be held at Flagstaff, beginning on Oct. 18th, bids fair to be the most useful and interesting in the history of the association. The programme arranged is a most excellent one. It will shortly be issued for distribution.

Says the El Paso Herald of a former Tombstonite: "Dick Role met with an accident last evening. In crossing the F. P. track on his wheel it slipped under him and he fell, striking his right hand on the rail. One of the minor bones of the hand was broken, and he is now carrying the hand in a plaster jacket."

Probate Judge Bradley is in receipt of a letter asking for the names and address of any relatives of Chas. Linderman, the Cochise county stockman who was murdered in Texas, an account of which appears in another column. Anyone who can give the desired information will confer a favor to the parties by communicating with Judge Bradley.

Just before we went to press a fire alarm brought our people out to the scene of conflagration which was the large house on 9th street, belonging to Martin Costello, formerly the Wittig residence. The house was occupied by the barkeeper in the employ of Costello and the furnishings are without doubt an entire loss and building considerably damaged. The cause of the fire is not known.

Assessment work on claims is estimated by the day's work at the ruling rate of wages. No decision permits trail or road work to apply on the required amount of annual work of improvement. Work must be on the claim or in direct relation to it. No allowance is made for the time or money spent going or coming.

OFFICIAL PROCEEDINGS

Of the Board of Supervisors of Cochise County.

Board of Supervisors of Cochise county met pursuant to adjournment at 10 p. m., Oct. 6.

Present—John Montgomery, Chairman, and Supervisor Thos. Allaire. Absent—Supervisor J. H. McPherson.

Minutes of previous meeting read and approved.

By unanimous vote it was ordered that the District Attorney stipulate an agreed case with the ex-county officers affected by Act 51, Laws of 1895, and submit same to the proper tribunals for adjudication as to the question of liability of the county under Act 54, Laws of 1897, to said officers.

The petition of fifty residents of the town of Bisbee was received, showing the obstruction and closing of the street, alley-way or lane in said town running between the property occupied by V. R. Stiles and the store owned by J. Schmidt and wife, and which street connected Brewery avenue with the public school house grounds. Ordered that said street, alley-way or lane be immediately opened, and the Road Overseer of Bisbee District is instructed to require the parties guilty to open same and remove all obstructions from said highway, and if such order be not obeyed, that then said overseer remove such obstructions at the expense of the offending parties.

Board stood at recess until 1 p. m.

Board met at 1 p. m. Same members present.

The Discovery Saved his Life.

Mr. G. Calhounette, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial the Tombstone Drug Store.

A mining company has been organized in Eureka, Cal., for black sand mining on the beach at the mouth of Little river. Four thousand dollars worth of machinery has been purchased and eighty-eight acres leased. The plant will work 800 tons of sand every twenty-four hours, averaging, it is said, eighty cents per ton.

Novel reasons for lowering miners' wages are sometimes advanced, a more than ordinarily curious one being given by G. W. Lock, manager of two large Australian mines, who says that he reduced wages throughout because gold ore was being stolen—a case where the innocent were punished and the guilty encouraged.

Mr. G. W. Bibbings, manager of the Golden Queen Consolidated Gold Mining Co's mine was in Wilcox Sunday. By the change now being made in the line of the Southern Pacific in Dragon Pass the road is brought within a mile of the Golden Queen and only one fourth mile from the proposed site of the company's mill. The Southern Pacific Co., have promised to put in a spur at Manzoro's point nearest the mine and the mine nearest the mill, and the mine owners will erect a platform, Mr. Bibbings is now taking out good ore and expects to make a shipment this week. In about three weeks he will return east to arrange with his associates for the erection of a mill.—Range News

CONFIDENT CATTLEMEN.

They Do Not Care to Sell Their Steers Until Spring.

While the demand for feeders continues good in the great corn states, we do not anticipate any considerable movement of cattle from Arizona this fall, says the Range News. There are several reasons for this view. Steers are comparatively scarce in the Territory, and the shortage is generally known; consequently feed buyers for that class of buyers will come into this section.

Many of the ranchers made the mistake of selling or contracting their cattle too early last winter, losing several dollars per head by so doing. They are resolved not to commit the same error again, and are, therefore, asking more than the buyers are willing to give.
